## President's Report

This was a great year to be part of the Virginia Hemophilia Foundation (VHF). We've grown in three key areas: financial, membership, and advocacy.

VHF has continued to grow their resources allowing us to better serve the community through new events focused on advocacy, educational seminars on wellness, and building stronger relationships within the community.

Over the past 3 years, with support from the National Hemophilia Foundation (NHF), VHF's Board of Directors has had the opportunity to work with several non-profit consulting firms. This has allowed us to evaluate what works and how we can make VHF the premier hemophilia chapter in America. The board is more unified than we've ever been. Each member of our board is committed to achieving this goal. I believe that with the current Board, supported by our staff, this will be VHF's best year.

Eric George  
President of the Board

## How You Can Help

We have the expertise and experience to provide the needed programs and services, but we are continually in need of financial support to make this happen. Without that support, individuals with bleeding disorders may not get the treatment and support they need which can lead to greater risk of complications and permanent, debilitating injury. Please join us in helping make a difference in their lives so that they can lead a long, productive, and healthy life.

### YES, I can help children and families living with bleeding disorders:

- \$2,000 pays for a Lyman Fisher college scholarship for an individual affected with a bleeding disorder
- \$1,000 supports the Terry Lamb Memorial Fund and will send an individual to an NHF/HFA Annual Meeting
- \$500 sends a kid to a week of camp at Camp Youngblood
- \$250 provides one family emergency assistance
- \$100 supports a family's attendance to our annual state education meeting
- \$50 pays for a family of five to attend one of our Holiday Parties
- \$25 helps pay for a lifesaving Medic Alert Tag
