

UNLOCK YOUR SELF-POTENTIAL

With the myPKFiT™ for ADVATE® Mobile App, get visibility into your personalized ADVATE treatment.

The myPKFiT app lets you:

- **PLAN** activities and events based on estimated FVIII levels.
- **TRACK** infusions and bleeds with a few taps.
- **CONNECT** with your healthcare provider via secure data export.

Your doctor may use the **myPKFiT** software to analyze your personalized pharmacokinetic (PK) profile. With this information, your doctor can tailor a dosing regimen that is right for you and generate the QR code required for you to use the **myPKFiT app**.

Activate the **myPKFiT app** by getting a valid QR code from your doctor. Download the **myPKFiT app** today on Google Play or the App Store!

myPKFiT app is the first and only FDA-approved mobile application in the U.S. that allows **ADVATE** patients age 16 and older with hemophilia A to track their treatment.

myPKFiT FOR ADVATE MOBILE APP INTENDED USE

- The myPKFiT for Patients Mobile Application (“myPKFiT Mobile App”) is intended for use by patients with hemophilia A being treated with ADVATE [Antihemophilic Factor (Recombinant)] who are 16 years of age or older with a body weight of 45 kg or higher, and their caregivers.
- The myPKFiT Mobile App is designed to make it convenient for you to record your infusion and bleed events, track your estimated Factor VIII levels following a prophylactic infusion, and export the data for review by your health care provider (“HCP”).
- Your HCP can use the myPKFiT software to generate ADVATE dosage amount and frequency recommendations for routine prophylaxis using your age, body weight information, and laboratory tests that measure your Factor VIII clotting activity. Using myPKFiT software, HCPs can evaluate various prophylaxis dose

regimens tailored to your individual needs and treatment plan.

- myPKFiT Mobile App should only be used by hemophilia A patients treated with ADVATE, as per the ADVATE Prescribing Information.
- myPKFiT Mobile App is not indicated for use by patients with von Willebrand disease. myPKFiT Mobile App should not be used by patients who have developed inhibitors to Factor VIII products.

myPKFiT for ADVATE Mobile App is Rx only. For safe and proper use of the myPKFiT for ADVATE Mobile App, please refer to the complete instructions for use in the User Manual.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch, or call 1-800-FDA-1088.
