Application and Admission Guidelines

VHF and HACA reserve the right to determine one's place on the Camp Youngblood roster by:

- Constituent standing (see definition below)
- Coverage area, if outside of coverage area then:
 - Constituents location of primary bleeding disorder treatment (i.e. Hemophilia Treatment Center (HTC), hematologist, etc. is within VHF/HACA coverage area)
- Late cancellation, excessive cancellation, and/or no-show history
- Attendance and participation at additional educational events over the past year
- Target audience of event (families, adults, teens, etc.)
- Number of RSVP's vs. capacity of the event

VHF/HACA Camp Youngblood Guidelines

VHF and HACA partner with CHT to offer Camp Youngblood, a summer camping experience for children age 7-17 with inherited bleeding disorders, their siblings, and children of members of the inherited bleeding disorder community.

- VHF and HACA are financially responsible for all children within their coverage area who have a confirmed spot at Camp Youngblood (a confirmed spot requires that you meet all CHT application deadlines).
- If a child "no-shows" or cancels within two weeks of the first day of camp, parents/caregivers may be responsible for reimbursing VHF and/or HACA the full camp amount (cost per child is \$600) and/or paying CHT to reserve your spot for the following year.
