## BACKGROUND

The Virginia Hemophilia Foundation (VHF) Lyman Fisher Scholarship was established to honor Dr. Lyman Fisher, a teacher, researcher, and clinician in hemostasis. For many years, he directed the adult hemophilia program for Virginia. He will be remembered for his steadfast commitment to his patients and students, his respect for those who served under him, his community service and his affection for his family.

## ELIGIBILITY

Individuals living with an inherited bleeding disorder, their sibling or their parents who live in the territorial jurisdiction of VHF, which includes the Commonwealth of Virginia, with the exception of the following: The cities of Alexandria, Fairfax, Falls Church, Herndon, Manassas, and Vienna and the counties of Arlington, Fairfax, Fauquier, Loudon, Prince William and Stafford.

## SCHOLARSHIPS

In 2025, VHF will offer up to \$12,000 in scholarships. The award amount will vary based on the number of applicants that are selected and the scholarship rubric that the VHF scholarship committee uses to evaluate academic performance, participation in school, community, and VHF activities, a personal essay detailing educational and future career goals, and recommendation letters. The scholarships may be used at any accredited college, university, or vocational/technical school in the United States and are to be applied toward a student's educational expenses. VHF is not obligated to award scholarships in a given year.

A student who receives an award one year may reapply in later years but winning a scholarship in one year does not necessarily mean that the student will win in a later year. Also, a student who applies in one year and does not receive an award is eligible to apply the following year for the scholarship.

**Scholarship applicants must have participated in VHF activities.**
